uPVC TIMELESS FLUSH SASH WINDOWS

PREMIUM FLUSH SASH TIMBER ALTERNATIVE

The Timeless Flush Sash system is crafted from modern, weatherproof uPVC, which - unlike traditional timber windows - will never need sanding or repainting and will never rot, split or swell.

These low-maintenance windows will keep your home looking its best for years to come, with no more work than an occasional wipe with a damp cloth.

AUTHENTIC STYLE

The newly unveiled Timeless Flush Sash window is reminiscent of early 19th Century timber windows and is ideal for heritage homes, particularly in conservation areas where authentic looks are all-important.

- ✓ Sleek slimline frames
- ✓ Traditional Ironmongery Options
- ✓ Dummy peg stay option
- ✓ Exquisite Georgian bar option
- ✓ Night vent facility
- ✓ High security handles and locks for your peace of mind
- ✓ Sealed unit for increased energy efficiency
- ✓ Double or triple glazing available
- ✓ Low maintenance uPVC frames
- ✓ Available in a wide range of hand-picked woodgrain finishes
- ✓ French Doors and Entrance Doors to match

CHOOSE CLASSIC WELD OR OUR TRADITIONAL TIMELESS DETAIL

Unlike other flush systems, the Timeless Flush Sash is available in two jointing options, Classic Welded joints and Timeless Detail, our Traditional Mechanical Joints.

The **Timeless Detail Mechanical Joint** is a traditional style mitred butt joint that is sealed in place, replicating a timber joint with meticulous detail.

Classic Welds give a contemporary and modern twist to this heritage style. The corners are precision welded so that the joint is seamless.

Due to possible variations in the printing process, please refer to physical colour swatches for an accurate representation of the above colours.

LOGIK S FLUSH WINDOWS

Most of the windows you see when you look around are designed with either the popular chamfered or ovolo frames.

Now, there's a third style to choose from– the flush sash frame.

Like the name suggests, these windows offer a smooth, flush fitting appearance when closed, with no lip between the outer frame and the sash. The result is a modern, streamlined look when finished in Grey that's growing in popularity, especially in more modern home designs. For a more traditional timber look choose a woodgrain finish to perfectly complement the aesthetics of your property.

THE FLAT PROFILE THAT'S RAISING THE BAR IN WINDOW DESIGN

Logik Flush Sash is already transforming homes with its unique combination of sleek style, proven energy-efficiency, low maintenance and 10-year guarantee for complete peace of mind.

Why not find out for yourself how this flush new addition to the Logik family can make an outstanding difference to your home?

Logik S Flush Sash frames are available in a wide range of woodgrain colour finishes. In fact, they're so realistic, it's hard to tell from the kerbside that they're not actual wood frames.

WHITE	WHITE ASH	IRISH OAK	ROSEWOOD	ANTHRACITE GREY	BLACK ASH	ANTHRACITE GREY
WHITE INSIDE	WHITE ASH INSIDE	WHITE INSIDE	WHITE INSIDE	WHITE INSIDE	WHITE INSIDE	A/GREY SUBSTRATE

THE GREY REVOLUTION

Our grey substrate option is a real 'game changer'

Unlike most coloured frames which have a foil coating on top of the white uPVC, our grey substrate frames are the same colour all the way through. So even with the window open, there's no trace of white.

A great way to get the on trend all-grey aluminium look without paying the premium price of aluminium itself.

Our flush sash windows are from our successful Logik S range, so you can expect superb heat and noise insulation, security and strength as standard.

INTRODUCING THE GALLERY⁴⁴ COMPOSITE DOOR

COMPOSITE DOORS

Our Composite Door Collection is a complete range of thermally efficient composite doors manufactured to the highest quality standards.

Choose from 3 ranges; Traditional or Contemporary grained styles, or the new smooth Urban door which replicates aluminium styling.

We also offer doors with toplights and sidelights when required in either a matching composite side panel or glass options.

MAKE AN ENTRANCE

Let your door really make an entrance by selecting stylish accessories. Handles can be fitted in either modern handle positions or choose a more traditional door pull fitted centrally together with the heritage lock position.

Stunning glazing options allow you to flood your hallway with light, compliment the colour of the door with coloured glass, or maintain your privacy by choosing a solid door panel.

No need to worry about heat loss either as our doors are well insulated and we only use the most energy efficient glass.

PATIO DOORS

THE NEW SYNCRO PATIO DOOR

THE ALL NEW PATIO DOOR SYSTEM

This stunning new flush French Door design replicates the appearance of timber, but with no need for regular maintenance.

The flush design perfectly compliments both modern and traditional properties.

Choose from a stunning colour range to reflect your personal style and taste.

Market leading features make the Syncro door range the best choice for those seeking style and efficiency whilst also having great environmental credentials.

- ✓ More sustainable with frame composition made up of at least 40% PCW (post-consumer waste)
- ✓ Better thermal efficiency with U-values as low as 1.3 for double glazed units and 1.0 for triple glazed
- ✓ Maximum width of 3.5m (2 pane), 2.5m high, for better scalability
- ✓ Triple as well as double glazing compatible for even better insulation
- ✓ Grey substrate for the appearance of aluminium. (Unlike most coloured products which have a foiled colour on top of white, this product is grey throughout)

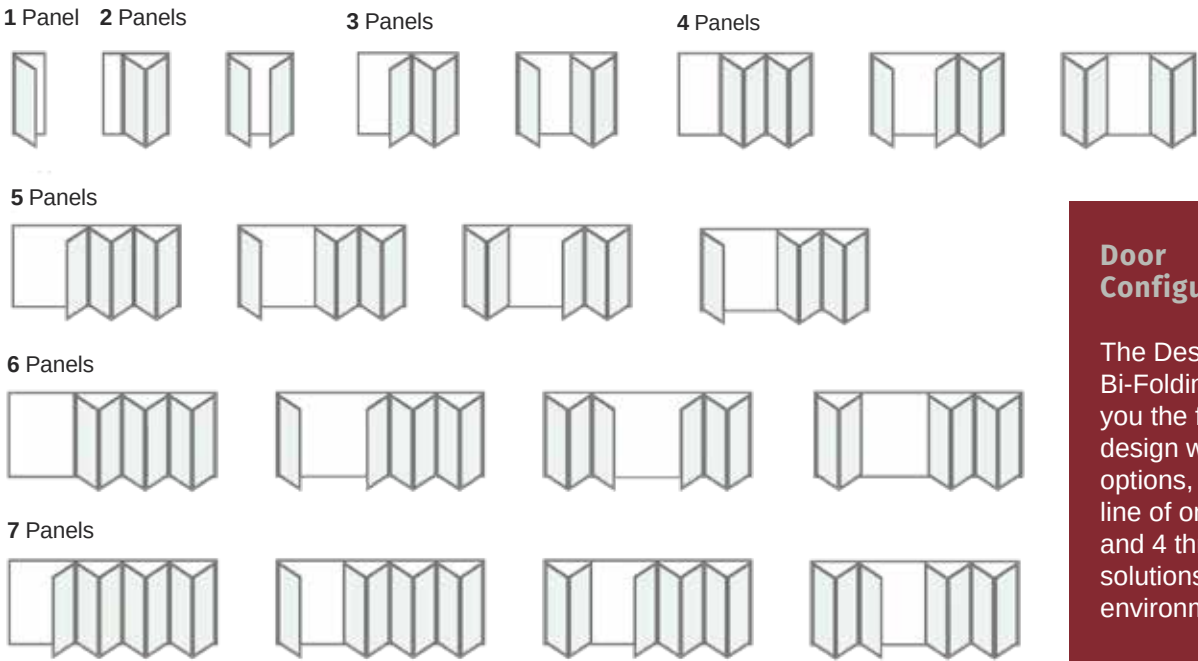

Syncro® Patio Door Colour Collection

Syncro® Patio Door Key Features

- Width of up to 3.5m available on 2 pane patio doors
- U.10 U-values as low as 1.0
- 10 Year guarantee for peace of mind
- Triple glazing compatible
- Choice of frame colours including grey substrate option

Maximum door size up to 2.5 high Maximum panel size up to 1200mm wide.

Door Configurations

The Designer Range Bi-Folding door offers you the freedom of design with 1 to 7 leaf options, slim sight line of only 131mm and 4 threshold solutions to suit your environment.

see page 15

DESIGNER RANGE ALUMINIUM SLIDING DOOR

SECURITY

A state-of-the-art multi-point locking system combined with an anti-lift design make these sliding doors some of the most secure on the market.

WEATHER PROOFING

A combination of multiple weather gaskets, brush strips and draft resistant interlocks between the door panels all help to keep out cold draughts. What is more, the closed door leaves slide around the frame on both sides for a really tight seal.

KEY FEATURES

- Push up to 300kg with 2 fingers
- Any RAL colour to a standard 60 microns finish
- Siegenia 4 point locking is secure and burglar resistant. Tested to RC2 (EN1627-1630) standard
- Stainless steel rollers – robust and durable
- Teflon coated gaskets - dirt won't stick
- Slim sight lines
- Lift and slide operation
- Dual or Triple track slider
- Low threshold
- U values from as low as 1.38 W/m2k
- Glazing - can accommodate sealed units up to 42 mm
- Fibreglass reinforced polyamide breaks for enhanced thermal performance – UF value of 2.35 w/m2k.

COLOURS AND FINISHES

There are literally hundreds of colours to choose from and you can have a different colour inside and out. You can choose between a matt or gloss finish, or opt for our special Coatex finish. You can even choose one of our realistic wood effect finishes if you prefer.

We offer three colours as standard, Black, White and Grey as well as any RAL colour finishes to order

STANDARD COLOURS

PREMIUM COLOURS

Jet Black and Anthracite Grey are in a matt finish as standard, high gloss option can be selected. Traffic White is satin as standard with high gloss as an option.

Textured PREMIUM FINISH

Low maintenance, scratch resistant, metallic Textured finish available in 3 colours as standard.

INSULATION

Our exclusively designed polyamide thermal break system and multi-chambered profile enables us to achieve industry-leading thermal performance in all our aluminium windows and doors. Combine this with high performance glazing and our sliding patio doors will help keep your house cosy and warm.

NOISE REDUCTION

Clever use of different materials in the frame combine with a range of architectural glazing options to provide some impressive noise reduction figures.

DESIGN OPTIONS

Choose from a comprehensive range of designs using one, two or even three tracks with multiple sliding doors. Our sliding doors come in industry-leading maximum sizes, maximising the glass area and giving you unobstructed views.

SAFETY

Class one safety glass (that complies with Building Regulations Part K) is fitted as standard to all our doors, which means that if it breaks there are no dangerous shards of glass to worry about.

THE NEW SHEERLINE PRESTIGE BI-FOLD COMBINES STYLE, SECURITY, INNOVATION AND SUSTAINABILITY.

British designed and made to deliver on style and sustainability for the modern home. Thermalcok technology ensures greater thermal efficiency than other aluminium bi-folds.

Choose the stepped sash option and Georgian bars to replicate the traditional heritage looks found in old critall or steel windows, but with all the benefits of a modern door system. A choice of hardware allows you to choose either colour matching, white, black, chrome, grey, satin or gold. Hinges and D handles can be white, black or grey.

The Ultion 3 star cylinder gives you peace of mind and is backed up with a £2k security guarantee. (Keep Ultion image but lose the handle images and Wink Huas, VBH and Brisant Secure).

KEY FEATURES AND BENEFITS

- U-value as low as 1.0W/(m2k) with triple glazing
- 10 year guarantee
- Made in Britain using Welsh sourced aluminium
- Designed to minimise environmental impact from waste through to energy use
- Part M low threshold option
- Multi-point locking
- Anti-bump, anti-snap and drill cylinders
- High security interlocks
- Single and French door options
- Colour matching hardware options
- Georgian bar and stepped sash option for a heritage look
- Future proofed to meet new Part L Building Regulations

SHEERLINE PRESTIGE WINDOWS & DOORS

Prestige

TRANSFORM YOUR HOME WITH OUR STYLISH ALUMINIUM WINDOWS AND DOORS

Choosing the right aluminium windows for your home is an important decision. An investment that makes a real difference to how warm and secure you feel, as well as improving the look of your property. That is why we have carefully designed the Prestige window and door system to combine stylish

looks with the latest technical innovation. Building on years of experience, we've incorporated many unique features to create an incredibly thermally efficient, secure system, with unparalleled aesthetic appeal, that's available in a wide range of colours.

Designed for discerning homeowners that aren't willing to compromise, the Prestige range is tailored for those who demand more for their homes.

Built around our innovative Thermavic® multi-chamber thermal break, we use a patented, strong and durable construction method, enabling us to hand tune each corner, ensuring every single window and door is finished to the highest standards.

Each Prestige installation is individually tailored to the exact requirements of your property. A range of different outer frame sizes accommodate different plaster lines and window reveals - ensuring a perfect, neat finish.

Our versatile 72 - 80mm wide system is available in casement, French and fixed windows and has been designed to be sympathetic to the modern trend for light, airy interiors. Using slim sashes allows more light to flood into your home, helping create that important sense of space and tranquillity.

EXCEPTIONAL THERMAL PERFORMANCE COMBINED WITH REFINED LOOKS

Prestige combines aluminium's clean lines with exceptional thermal performance for up to an A+ Window Energy Rating.

Our innovative Thermavic® multi-chamber thermal design, hidden away inside each window and door, helps keep you and your property well insulated against the worst of the UK weather. This closed-cell, insulating chamber acts as a thermal break and works in conjunction with high performance glazing to create class leading thermal performance, far superior to traditional polyamide thermal breaks. Sheerline's cills also feature this same technology coupled with innovative in-built weather sealing keeping draughts and rain safely outside.

uPVC SKY PODS

Why choose Skypod

- ✓ Designed for superior performance
- ✓ A choice of frame and glass colours
- ✓ Cheaper than aluminium alternatives
- ✓ 10-year guarantee
- ✓ U-values as low as 1.0
- ✓ Self-cleaning, temperature controlled glass included as standard
- ✓ 20° or 35° fixed pitch

A BRIGHT ADDITION TO YOUR HOME

Imagine creating a stylish new living space that's flooded with natural light.

Imagine an inspiring contemporary design feature that will not only enhance your lifestyle but add value to your home too.

Some would call it the 'wow' factor. **We call it Skypod.**

When it comes to design, Skypod is a breath of fresh air. Without any crestings or finials on the roof, you get clean lines and lots of natural light. It also increases the height of your room too. There's plenty of ways you can customise your ceiling windows to fit the look and feel you want for your home. You can choose between two bar or three bar gable pitched styles, plus a range of external frame colours. You can also choose clear, blue, bronze or neutral double-glazed glass.

R7 Elegant Flush Sash

Elegantly flush sash exterior and interior gives the R7 its chic modern appearance and versatility to be used for both contemporary new builds and traditional British homes alike. All glass sight-lines are perfectly equal providing symmetry for a timeless kerbside appeal.

THE SUSTAINABLE CHOICE

Made & Recycled in the UK

For many years, uPVC windows and doors have been recognised as the durable, low maintenance and energy efficient option. Now, thanks to recent advances in recycling, uPVC windows and doors are the first choice material for sustainability too. It means that choosing to buy your uPVC windows and doors from us is good for your home, your pocket and the environment.

‘A+’ rated for sustainability

Fitting A+ rated windows minimises your heat loss to reduce carbon emissions and ensures money spent on heating your home isn't wasted. Multi-chambered uPVC frames and argon gas filled double glazed units deliver the best possible thermal efficiency. Our Prestige Aluminium Sheerline Bifold Doors have a U value of just 1.4W/m2k which meets the new Part L Building Regulations requirements for external doors which come into place in June 2022.

Re-useable and recyclable for hundreds of years

Research has shown that 95% of 'post-consumer' or end-of-life uPVC windows can be recycled. The official product life for a uPVC window or door is up to 35 years (BRE) and they can be recycled up to 10 times meaning 350 years of re-use with minimal impact on the environment.

Environmentally responsible component supplier

Eurocell, which manufactures most of the uPVC components used in our windows and doors, is at the forefront of sustainable developments in the uPVC industry. The company recycles waste window frames which would otherwise go to landfill. The material is used to manufacture brand new windows, for closed-loop material sustainability.

Our windows represent a genuine sustainable option. Not only because they help reduce CO2 emissions, but also because uPVC is a fully recyclable material. Each year, tens of thousands of tonnes of uPVC are recycled, minimising impact on landfill waste sites.
